

NOW HIRING | SENIOR ESTIMATOR #21-12SE

Peak Construction Group is a recognized and well-regarded general contractor in the lower mainland of British Columbia. With strong roots in the residential sector, Peak is growing as a commercial contractor with projects across Canada.

We are seeking a highly motivated estimator with strong communication skills to assist with pre-construction budgeting and tendering of projects with reputable, long-term clients.

Responsibilities:

- Analyze drawings, specifications, and other documents to determine the scope of work.
- Solicit budgetary and firm quotations from subcontractors
- Communicate scope of work, schedule, and methodology with subcontractors
- Communicate with clients and consultants to clarify project scope
- Perform quantity take-offs
- Delegate take-offs and other tasks to junior estimators
- Develop complete project budgets base on QTO's and historical data
- Evaluate subcontractor pricing
- Document and archive information related to the estimate
- Compile budgets and hard bid submissions
- Connect with and shortlist subcontractors for opportunities in new markets
- Develop, maintain and update subcontractor database

Desired Education and Experience:

- Building technology diploma (2 year minimum) or civil engineering degree
- 5-10 years of related work experience

If you are interested in exploring this opportunity, please forward your resume, referencing position #21-12-SE, in PDF format to mail@peakgrp.com

We thank all applicants in advance, however only those being considered for an interview will be contacted.
