

NOW HIRING | CONSTRUCTION SAFETY OFFICER #22-02CSO

Peak Construction Group is a recognized and well-regarded general contractor in the lower mainland of British Columbia. With strong roots in the residential sector, Peak is growing as a commercial contractor with projects across Canada. At Peak, we pride ourselves on providing large firm capabilities, while maintaining small firm personal commitment.

We are currently hiring for a Construction Safety Officer (CSO) to join the Peak team in the Lower Mainland.

Who You Are:

You are an experienced and reliable National Construction Safety Officer or Construction Safety Officer with high standards for the safety and well-being of all site workers. You are passionate about safe work practices and use a positive, motivational approach to ensure compliance with safety procedures and accident prevention.

As a CSO, you will be:

- Supporting the Site Superintendent onsite throughout the construction
- Ensuring site personnel and visitors are signing in – daily head counts of site personnel
- Managing Site Safety Board and Site Safety Plans updates, and maintaining Site Safety records
- Updating management on all site safety observations.
- Mentoring and coaching trade partners and construction crews on best safety practices, policies and procedures in place.
- Reviewing the emergency response plan, conducting annual drills, and project site first aid emergency response as required.

Key Responsibilities:

- Maintaining and enforcing Site Safety Rules and Practices
- Ensuring strict compliance with WorkSafeBC regulations, company Occupational Health & Safety Program
- Conducting site specific health and safety orientations for new workers and visitors
- Conducting site inspections and implementing corrective action plans
- Properly reporting all site accidents, incidents, and injuries
- Conducting safety meetings and toolbox talks, and reviewing FLHAs
- Administering First Aid as necessary
- Assisting with site safety related carpentry duties (guardrails, handrails, floor openings cover)

Experience and Qualifications required:

- Valid CSO/NCSO Certification
- Proven construction industry experience of minimum 5 years
- Valid OFA 2 with transportation endorsement OR OFA 3 ticket
- Good knowledge of WorkSafeBC regulations, policies, guidelines and standards
- Working knowledge of Microsoft Programs (Outlook, Excel, Word) and basic Adobe
- Good physical condition and stamina
- Excellent communication skills and ability to maintain detailed records

If this sounds like a match, please forward your resume referencing position #22-02CSO to mail@peakgrp.com
